

Public display licences

updated 06 July 2010

This document provides an overview of licences issued to establishments which applied for a public display licence.

A licence can fall into one of three categories depending on its current status: “Licensed establishments”, “Licence offer issued” or “Licence application in progress”.

- “Licensed establishments” denotes those establishments that are deemed licensed by the HTA.
- “Licence offer issued” indicates that an offer to the establishment for a final licence has been made.
- “Licence application in progress” means that the establishment has submitted a licence application. The establishment’s compliance is currently being evaluated and a final decision about the licence will be made.

Details about a licence include the *establishment*, the *address* where the licensed activities are to take place, the Designated Individual (*DI*) and the *Licence Holder* (either corporate or personal). The field “establishment” in some instances does not contain details about the department in which the activities are to take place, which may be only a part of the establishment denoted in the field.

Licensed establishments

(14 licences)
