

Evaluation report on compliance with HTA licensing standards

Report date: **11 December 2025**

Clinical Sciences Research Laboratory
HTA licensing number 12297

Licensed under the Human Tissue Act 2004

Licensed activities

Hub

Clinical Sciences Research Laboratory (CV2 2DX)

- Storage of relevant material which has come from a human body for use for a scheduled purpose

Satellite

Gibbet Hill and Main Campus (CV4 7AL)

- Storage of relevant material which has come from a human body for use for a scheduled purpose

Evaluation summary

At the HTA's request, the establishment submitted a self-assessment for evaluation of compliance against the HTA's licensing standards.

Evaluated self-assessments are intended to be proportionate and risk-based. They are one of several tools that the HTA uses to maintain regulatory oversight. The regulatory framework places responsibility for compliance with those undertaking regulated activities. Designated Individuals are responsible for the accuracy of self-assessments.

As part of this process, the Designated Individual (DI) reported the establishment (HTA licensing number 12297) was substantially compliant with HTA's licensing standards. Based on the assurances provided, the HTA takes overall compliance to be satisfactory.

The HTA cannot provide any guarantees or endorsements of licensed establishments, or their activities, based on self-assessments.

The frequency and format of future assessments of compliance will be determined by the HTA according to evaluated risk.

Final report issued: 11 December 2025
